SEIS provides special education services to students in institutional settings statewide.

Student Services

CES offers direct, cost-effective quality services and programs for vulnerable children, youth, and families.

The Collaborative for Educational Services in Northampton, Massachusetts, is a multi-service, non-profit educational services organization governed by representatives from member school districts.

Our mission is to develop and foster educational excellence and opportunity for all learners through collaboration and leadership.

We partner with school districts, schools, and communities across Massachusetts and in the region to help build capacity through collaboration to improve instruction, student learning and achievement; develop and share exemplary programs; and identify or create resources that support school districts, state agencies, children, families, and communities.

Sincerely,

William Diehl, Ed.D.
Executive Director
Educator Development

Professional development that builds educator and administrator talent and skills, from early childhood educators to those serving students K-12. Offerings can also be brought on-site for a school or district.
